

A BLESSING FOR MOTHERS ON MOTHERS DAY.

In these uncertain times we pray for and celebrate the certain love of mothers, grandmothers, godmothers and great-grandmothers.

We pray for all mothers, those of young children and those whose children are grown. Let us give thanks for the many ways they have shaped us.

We think of mothers who may be struggling at this time. We pray that they may know their strength.

Let us give thanks for the tenderness and selflessness that mothers give of themselves and thank God for the love they have brought to birth on this earth.

We give thanks for those women who are not mothers but have a caring presence in the lives of so many. May they never underestimate their worth.

We pray for mothers who are ill and ask God to surround them and their children in his love and comfort.

Today most especially we pray for mothers and grandmothers who are separated from their children because of COVID-19, illness, distance, hurt or war.

We thank all mothers for helping with schoolwork and the many activities they create each day to keep everyone safe and well in this time of social distancing.

We pray in thanksgiving to all the mothers who have to leave their own children each day to work on the frontline.

We remember mothers that have passed away but are forever in our hearts and still guiding and nourishing us each and everyday

Amen
