

Dear Parents/Guardians,

I hope this finds you well. I am pleased to share some exciting news regarding an important update to our school administration system.

After careful consideration, all post primary schools in the DDLETB network have decided to transition from our current system, VSware, to a more advanced and user-friendly platform called Tyro. This transition is aimed at providing you with an enhanced and streamlined experience when it comes to accessing important information about your child's academic journey.

What to Expect:

- You will receive an email from Tyro in the coming days containing a link to create your account password. (Please check your Junk Mail folder)
- This email will also include a comprehensive guide on how to navigate the new system and access the various features it offers.
- We recommend you download the Tyro App

We understand that transitioning to a new platform may raise questions, and we want to assure you that we are committed to making this process as seamless as possible. We believe that Tyro will greatly enhance your overall experience as parents, providing you with the tools you need to actively participate in your child's education journey.

Thank you for your understanding and cooperation during this transition. We look forward to embarking on this new chapter with Tyro and appreciate your ongoing support in creating the best educational environment for our students.

Yours Faithfully,  
John Cronin  
Principal
